

Justin Munn, Designer

Introduction

My name is Justin Munn. I'm a designer with an affinity for the web, typography and solid user experience. I enjoy working with teams to build better digital products.

In 2010, I graduated from University of North Carolina Wilmington with a degree in Communication Studies. I moved to Raleigh, NC to begin my design career in screen printing design and production. In 2012, I learned HTML, CSS, created my first two websites and began my current job in e-commerce. Since then, I have been honing my front-end and product design skills. In 2015, I spoke on front-end frameworks, Sass, and HTML e-mails for AIGA Raleigh.

In June 2014, I began working remotely full-time and following my travel nurse wife around the country. I'm currently seeking new challenges and full-time opportunities. I'll be residing in Reno, NV until the end of April.

Education

University of North Carolina Wilmington

B.A. Communication Studies, Aug. 2006 - May 2010
